

KIRAN K

Python Full Stack Developer

✉ kirankani103@gmail.com | www.linkedin.com/in/kirankani | <https://github.com/kirxnkxni>

☎ +91-6238464984 | 📍 Kannur, Kerala

Professional Summary

A passionate Python Full Stack Developer with expertise in machine learning and real-time application development. Experienced in building innovative solutions using TensorFlow, Django, and modern web technologies. Strong foundation in software engineering principles and agile methodologies.

Education

B.Tech in Computer Science & Engineering APJ Abdul Kalam Technological University TOMS COLLEGE OF ENGINEERING, KOTTAYAM	2020 – 2024 CGPA: 7.67/10
Higher Secondary (12th Grade) Jawahar Navodaya Vidyalaya Mahe	2019 – 2020 GRADE: 85%
Secondary Education (10th Grade) Jawahar Navodaya Vidyalaya Kannur	2017 – 2018 GRADE: 78%

Technical Skills

- **Programming:** Python, C, C++, Java, JavaScript
- **Frontend:** HTML5, CSS3, ReactJS, jQuery, Bootstrap
- **Backend:** Django, REST APIs, Python Web Development
- **Machine Learning:** TensorFlow, Computer Vision, Object Detection
- **Databases:** MySQL, Database Design
- **Tools:** Git, Google Cloud APIs, Postman, Agile Methodology

Projects

Real-Time Sign Language Translation System	Python, TensorFlow
• Engineered real-time hand gesture recognition using TensorFlow Object Detection API • Implemented sign-to-text and text-to-speech conversion for accessibility • Integrated OpenCV for robust hand tracking in varying conditions	
Mobile Sign Language Translator App	Java, Python, TensorFlow
• Developed cross-platform mobile app with bidirectional translation • Integrated Google Cloud Speech APIs for voice communication • Built responsive frontend using XML with Material Design • Implemented RESTful API architecture for cloud communication	

Professional Experience

IBAND Technologies, Kochi <i>Software Development Intern</i>	Jan 2022 – Feb 2022
• Collaborated with senior developers in agile team environment • Conducted UI/UX testing and resolved critical bugs across application modules • Implemented responsive design improvements for mobile applications • Gained proficiency in Git version control and collaborative development	

Certifications & Competencies

- **Certifications:** Python Programming, Machine Learning with TensorFlow, Full Stack Development
- **Machine Learning:** TensorFlow, Computer Vision, Real-time Object Detection, Model Training
- **Full Stack:** ReactJS, Django, REST APIs, Database Design, Responsive Web Design
- **Software Engineering:** Agile Methodology, Git, Testing, Debugging, System Design
